PROSPECTUS.

1. The enormous volume of Fire Insurance
business now transacted in Shanghai is, of itself,
sufficient reason for the formation of a new
Local Company.
2. The opening up of China to Railways, the
establishment of numerous industrial enterprises,
and the ever-increasing native and foreign trade,
must be followed by a corresponding increase in
the demand for insurance against Fire.
3. The probable extension of the Foreign
Settlements in Shanghai, the opening of Woon-
sang and other new Treaty Ports, as also the
increase of territory ceded to Foreign Nations,
should be followed by a large addition to prop-
erties requiring insurance.

4. Two very successful Offices, domiciled in
Hongkong, have for many years been com-
manding a large share of the Fire Insurance
business in China, but they are unable to satisfy
the demand, and consequently a large number
of Fire risks are placed with European and
Australian Companies. The shares of the
"Hongkong Fire Insurance Company, Limited,"
with \$50 paid up, are now quoted at \$330, and
those of the "China Fire Insurance Company,
Limited," with \$50 paid up, are quoted at \$295.

5. The success of these two old Companies forms
the best recommendation to investors who are
willing to take shares in the new one.
6. The Chinese now thoroughly recognize the
necessity of Fire Insurance, and as they are
amongst the largest owners of properties and
merchants at Shanghai and at most of the
Treaty Ports, the "Shanghai Fire Insurance
Co., Ltd." will, it is expected, receive a large
measure of support from them. This expecta-
tion is indeed assured by the co-operation of the
three Chinese gentlemen who join the Board.

7. It is proposed to act in concert with the
other Fire Companies at regular rates, so long as
the Directors are assured of the general ad-
herence to Tariffs. It may be advanced by some
insurers, that the present rates are somewhat high,
but the experience of many years has taught all
Fire Offices, that a proper and adequate charge
must be made, if a Company is to be permanently
prosperous, and if shareholders are to receive
regular and substantial dividends.

8. No promotion money has been, or will be,
paid.
9. Where no allotment is made, the deposit
will be returned in full in exchange for Bankers'
receipts, but when any shares less than the num-
ber applied for are allotted, the balance of the
deposit will be credited to the sum to be paid on
allotment.

10. The Shareholders' liability is strictly
limited.
11. Prospectuses and Forms of Application for
shares can be obtained at the Company's tem-
porary Office, 22, Kiamse Road, Shanghai or
from the Bankers of the Company at Shanghai
Hongkong, and the Treaty Ports of China and
Japan.

During the Summer Months,
all AERATED WATERS should be

NOTES AND COMMENTS.

We understand that there is a possibi-
lity of the Post Office cases now standing
for trial at the Criminal Sessions, com-
mencing to-morrow, being sent back to
the Police Magistrate to be disposed of
by him instead of by the Supreme Court
with the assistance of a Jury. If these
men are so sent back it will be a very
great misfortune both for the prisoners
and for the community. The offence
with which they are charged is of the very
gravest character, one seriously affecting
the interests of the entire Colony. If
guilty they ought to be severely punish-
ed. If innocent they ought to be
honourably acquitted and compensated
for the injustice done them. If guilty,
the Police Magistrate has not suffi-
cient power to punish them adequately.
If they are not guilty they ought to have
their innocence proclaimed to the world
by the verdict of a Jury. They chal-
lenged such a verdict when they asked for
a rehearing of their case by the Police Ma-
gistrate. He thought it right, after such
rehearing to commit them for trial before
the Supreme Court and in the public interest
they ought to be so tried. If the Attorney
General has power to remit cases to the
Magistrate after they have been committed
for trial this is not one of the class of cases
in which that power ought to be exercised.
A Government Department is on its
trial as well as the prisoners and the
public are deeply interested in the
result. The Chamber of Commerce
should at once address the Governor on
the subject, and represent the evil effect
sure to be produced on the public mind by
this relegation of an important case to an
inferior tribunal. The worst possible
construction will be put upon the act.

We are glad to see that the Chamber
of Commerce has taken up Mr. LEIGH's
suggestion for the construction of a har-
bour of refuge at the western end of the
harbour for junks and small craft gen-
erally, and we trust that the Government
will see their way to taking the construction
of this very necessary and much needed
work in hand with as little delay
as possible. As Mr. LEIGH points
out in his letter to the Chamber
of Commerce, the present refuge at
Causeway Bay has silted up to such an
extent that it is not nearly adequate to the
demands made upon it during heavy
weather and from the fact of its generally
being to windward in a rising gale the
cargo boats and junks have to leave their
work of discharging ships some hours
before they are compelled to do so by
stress of weather in order to have time to
beat up to Causeway Bay, or else they
have to be towed, which is
expensive. Such a refuge would,
we feel sure, be made use of by the small
craft gladly and would be the means of
saving many lives yearly and probably
enable the cargo boats to continue along-
side the ships to a later period, thereby
saving much valuable time to the shipping.

How is it, though, that the Causeway
Bay refuge has been allowed to silt up
to such an extent? We have a Govern-

ment dredger for deepening such places
and surely this silting up could have been
prevented had proper steps been taken
to check it in time by the use of the dred-
ger. An inspection of the place at low
water will show at a glance how the silt
has been allowed to encroach upon the
space available for anchorage in bad
weather, which has now become so small
that many craft are crowded out and are
obliged to seek refuge elsewhere. Every
time that we have a stiff blow in the
harbour a crowd of junks is to be
seen lying under the east shore of
Kowloon Bay and an equally large
number usually repair to Yau-mai-ti Bay
to ride out the gale. What would happen
to these craft were the centre of a typhoon
too pass close enough to the Colony to
cause the wind to change to the opposite
direction to that in which the blow
started can be easily imagined. The
whole of these boats would be
caught on a lee shore and the ground
tackle of Chinese craft seldom being of
the best, large numbers would be wrecked
and the consequent loss of life would be
appalling. We certainly think that Mr.
LEIGH's proposal should be adopted and
also that steps should be taken at once for
deepening the present shelter at Cause-
way Bay and so providing refuge for a
larger number of craft than are at present
able to avail themselves of it.

have resumed work, the railway union has

DISCOVERY OF A CONSPIRACY
IN PARIS.

The French papers announce the discovery of
a military conspiracy to overthrow the present
rulers, not against the Presidency nor in favour
of any pretender. The plot was led by a
prominent General and was to be executed on
Saturday when Chamolne (General Chamolne)
was absent from Paris.

WEATHER REPORT.

The Observatory report to-day says:—On
the 16th at 11.50 a.m. the barometer has
fallen moderately in S. China and is inclined to
rise in the North. The observations indicate
some advance of the typhoon in a Northerly
direction, from its position to the W. of N.
Lezon yesterday. The Northern depression is
moving Eastwards in the N. part of the Sea of
Japan. Gradients increasing for N. and N.E.
winds on the China Coast. FORECAST:—
Moderate to fresh N. winds; fair.

On the 16th at 3.30 p.m. Typhoon, at 10 a.m.,
near Bashi Channel, moving Northeast. Red
Drum hoisted.

On the 17th at 11.40 a.m. The barometer
has fallen slightly on the S. and S.E. coasts of
China, risen a little on the E. coast. The typhoon
seems to be still lying to the S.W. of Bashi
Channel, but owing to its slow rate of pro-
gression its direction of motion is very uncertain.
FORECAST:—Moderate to fresh N. winds; fair.

LOCAL AND GENERAL.

A JUNK master was fined \$25 to-day for attempt-
ing to leave the waters of the colony without a
permit from the Harbour Master.

THE return of the number of visitors to the City
Hall Museum for the week ended 16th October,
are:—Europeans 168; Chinese 2,238; total 2,406.

TWO cases and two deaths from enteric fever
occurred in the Colony during the week ending
15th October. There were no other cases of
communicable diseases reported.

A HAWKER was charged at the Magistracy to-
day with cruelty and ill-treating fowls by carry-
ing them packed in a basket in such a way as
to cause unnecessary pain and suffering. Fined
\$10.

COUNT Muraviev is described by one London
writer as a dandified little man, with a taste for
English check trousers and billycock hats. He
used to be regarded as Old Russian to the back-
bone, and the uncompromising enemy of all
Western institutions. Although he was for
several years First Secretary to the Russian
Embassy in Berlin, he has been suspected of
anti-German sympathies.

WILLIAM Gilvie appeared at the Magistracy
to-day on a charge of vagrancy. He had been
discharged from the house of detention and got
28 days for begging at Kowloon. He was dis-
charged on Saturday afternoon and was arrested
at 5 a.m. to-day on the Cricket ground. Gilvie
had a chance to work but neglected it. Com-
mander Hastings ordered him to be sent to the
house of detention for lying.

A CORRESPONDENT writes to the *Free Press* Daily
Echo under date of 4th instant as follows:—
Among the ravages effected by the recent gale,
it is perhaps noteworthy that the flags of the
French and Russian Consulates were blown
down, so that while the British, American,
German and Japanese Consulates were able to
exhibit their national colors as usual on Sunday
last, the Russian and French Consulates were
conspicuous by the absence of bunting. Living
as we do in a land where popular superstition
attributes a certain significance to nearly every
incident of daily life, in what light are we to take
the above incident in connection with the present
political crisis in Peking?

A BOATWOMAN, for being in unlawful possession
of thirteen bags of brown sugar, value \$30, was
fined \$10, in default three months, at the Magis-
tracy to-day.

At the Magistracy to-day Fu Chee Hing, de-
scribed as a rent collector, told a "faked" story
charging another man with stealing a gold
watch from him. Eventually it turned out that
the watch really belonged to the accused as a
friend of his had given money to complainant
to buy a watch for defendant, who gave Fu Chee
Hing a receipt for the watch when it was given
to him. The case was dismissed and the un-
scrupulous Celestial who brought the false charge
was fined \$25 for giving false testimony.

LIEUTENANT von Brunswick, who two years ago
was sentenced to three years' imprisonment for
a cowardly attack on a civilian in a *caf* at
Casselsruhe—he cut him down with his sword and
killed him on a frivolous pretext of wounded
dignity—has been pardoned. It is not unlikely
that this will give rise to a good deal of comment
in Germany, some extent as the affair is still
present to the minds of most Germans, and any
ordinary civilian for a similar offence would
have been imprisoned for life, if he escaped
execution.

A LARGELY attended meeting of members of the
Institution of Engineers and Shipbuilders of
Hongkong took place in the rooms of the
Engineers Institute on Saturday night when the
prizes in the recent billiard handicap were pre-
sented by the chairman, Mr. W. Ramsay, as
follows:—1st Prize Mr. D. Macdonald, 2nd Prize
Mr. R. V. Rutter, 3rd Prize Mr. J. Kew. A
financial statement was presented showing a
profit of \$340 on the past nine months' work of
the Institute and a smoker followed in which
some capital songs were well rendered by Messrs.
Van, Nelson, Murdoch, C. T. Robinson and
others. Mr. A. J. M. Farr, accompanied.

At an early hour yesterday morning, says the
Free Press Daily *Echo* of 8th inst., a fire broke
out in the business street of Nantai and lasted
nearly three hours. Upwards of 100 native
houses and shops were destroyed. Originating
in an eating house half a dozen doors eastward
of Hing Chong's store, it crossed the street and
burning all the houses up to the boundary of
Tuck Hing appeared for a time to threaten that
residence, but the intervening space in the com-
pound proved to be sufficient to prevent worse
happening. Messrs. Fraser, Ramsay & Co., Tea Hong
might have been lost but for precautions taken
by the agents of the Hongkong Fire Insurance
Company.

Mr. Percival Paul Chater Manuk was approved,
admitted and enrolled as a barrister of the Court
before Sir J. W. Carrington (Chief Justice) at the
Supreme Court on Saturday. Hon. H. E.
Pollock (Acting Attorney General), instructed by
Messrs. Deacon and Hastings, made the appli-
cation. The affidavit of Mr. Manuk was to the
effect that he was admitted to the Honourable
Society of the Middle Temple on 16th Novem-
ber, 1891, and called to the bar of the same
Society on 16th November 1894. For the past
four years he had resided in Burma, and had
practised in the High Court of Calcutta and
Burmah. An affidavit was also filed by the
Hon. C. P. Chater, uncle of Mr. Manuk. The
new barrister was educated at Wren's College
and at Trinity Hall, Cambridge.

THE Bangkok correspondent of the *Strait*
Times sends the following facetious account of
an incident which is of interest at a moment
when the status of the Philippines in the present
and for the future is so very much at stake. A
Chinese man, claiming to have come from Manila,
applied to the American Minister at Bangkok
for passport to travel in Siam. After the
glorious exploit of Admiral Dewey, he explained,
he had no alternative but to become an Ameri-
can citizen. Mr. Hamilton King performed a
naturalisation ceremony on the spot, and applied
for the passport to him. But the passport
officials objected to the Chinese standing.
Thereupon the U. S. Minister related that
American protection was claimed for him "by
right of conquest." There the matter stands for
the present.
